Partner with us for our 14th Annual Scientific Meeting

Updates and progress in cardiorenal medicine

Friday 4th October 2019, London

Who are we?
The Cardiorenal Forum is an independent academic group, set up in 2006 and open to all NHS and academic professionals involved in the care of patients with cardiovascular and kidney disease, including cardiologists/cardiovascular physicians, nephrologists, diabetologists, general practitioners, nurses, pharmacists and clinical scientists.

Our objectives
• Highlight the clinical overlap in patients presenting with a primary cardiovascular or renal disorder
• Raise awareness and bring together professionals involved in patient care
• Improve patient care

We offer attendance at our scientific meeting for a reduced charge thanks to generous and unrestricted support from the pharmaceutical industry and medical device/diagnostics manufacturers. A report from the meeting will be published in the British Journal of Cardiology, the official journal of the Forum.

Academic endorsement
The Royal College of Physicians has certified all past meetings for 6 CPD credits and it is endorsed by professional societies.

Our delegates
Our programme is designed for all healthcare professionals and receives excellent feedback:

• 100% of delegates said the 2018 meeting was clinically good to excellent
• 98% of delegates found the 2018 programme good to excellent
• 100% of delegates said the 2018 meeting organisation was good to excellent

‘Lots of food for thought. Trials really interesting’
‘Always an excellent meeting with a wide range of relevant topics and updates’
‘Excellent as always. Many thanks’
‘Very well organised. Pitched at exactly the right level’
‘Programme was superb... an outstanding meeting, one of the finest single days worth of CPD in 15 years of nephrology practice’
‘As usual the lectures have been very illustrative and updated several areas of my knowledge. I’ve been to 11 of 13 meetings! The review of the literature session was very helpful... controversial topics at the end of the day were very helpful and entertaining’
‘This has been a very informative meeting - very well structured. My practice will improve’
SESSION 1. IMPROVING OUTCOMES IN CHRONIC DISEASES
Welcome: Chair, Lisa Anderson, Heart Failure Cardiologist, (St George’s University Hospitals NHS Foundation Trust, London)

09.30 Introduction

09.35 Diabetes and cardiorenal disease: insult added to injury
Peter Winocour, Consultant Physician and Clinical Director for Diabetes and Endocrine Services (East and North Hertfordshire NHS Trust)

09.55 Discussion

10.00 A renal perspective: giving CREDENCE to LEADERs in the field
David Lappin, Honorary Personal Professor of Nephrology and Hypertension (National University of Ireland, Galway, Ireland)

10.15 Discussion

10.20 A cardiology perspective: treating the CVD patient with diabetes – what do I do?
Julian Halcox, Chair in Cardiology (Swansea University Medical School); Consultant Cardiologist (Swansea Bay University Health Board)

10.35 Discussion

10.40 Coffee break

SESSION 2. CARDIORENAL TRIALS UPDATE
Chair: Philip Kalra, Professor of Renal Medicine (University of Manchester) and Consultant Nephrologist (Salford Royal NHS Foundation Trust)

11.10 a) Nephrology trials
David C Wheeler, Professor of Kidney Medicine (University College London); Honorary Consultant Nephrologist (Royal Free NHS Foundation Trust, London)

11.30 Discussion

11.35 b) Cardiology trials
Geraint Morton, Consultant Cardiologist (Queen Alexandra Hospital, Portsmouth Hospitals NHS Trust)

11.55 Discussion

SESSION 3. FUTURE CARE
Chairs: Matthew Graham-Brown, Specialist Registrar in Renal Medicine, (University Hospitals of Leicester) and Chair of the UK and Ireland RA Nephrology SPR Club; Rosita Zakari, NIHR Clinical Lecturer in Cardiology (Imperial College London) and BJCA representative

12.00 Dreams and realities of new genetics
Peter Conlon, Consultant in Nephrology and Renal Transplantation (Beaumont Hospital, Dublin, Ireland)

12.20 Discussion

12.25 The British Geriatrics Society CV Forum Lecture
Manage frailty effectively or manage decline – your choice
Nigel Beckett, Consultant Physician in Geriatric and General Internal Medicine (Guy’s & St Thomas’ NHS Foundation Trust, London)

12.45 Discussion

12.50 Lunch break

SESSION 4. CLINICAL CHALLENGES
Chair: Ted McDermott, Consultant Urologist (Tallaght and St James Hospitals, Dublin, Ireland)

13.50 The great debate
The high risk cardiovascular disease patient – who seeks them out and treats them best?
– Answer... the cardiologist
Derek Connolly, Consultant Cardiologist (Sandwell and West Birmingham Hospitals NHS Trust)
– Answer... the lipid specialist/endocrinologist
Handrean Soran, Consultant Physician and Endocrinologist (Manchester University NHS Foundation Trust)

14.25 Discussion

14.35 Assessing cardiovascular risk prior to renal transplantation
Durga Kanigicherla, Renal Physician (Manchester Royal Infirmary)

14.55 Discussion

15.00 British Heart Foundation Lecture
Diabetic cardiomyopathy – advances in understanding
Gerry McCann, Professor of Cardiac Imaging and Honorary Consultant Cardiologist (University of Leicester and NIHR Leicester Cardiovascular Biomedical Research Unit)

15.25 Discussion

15.30 Tea break

SESSION 5. MATERNAL HEALTH
Chair: Rachael James, Consultant Cardiologist and Deputy Medical Director (Standards) (Brighton & Sussex University Hospitals NHS Trust)

15.50 Pregnancy in women with cardiorenal disease – priorities for practice
Kate Bramham, Clinical Senior Lecturer and Honorary Consultant Nephrologist (King’s College Hospital, London)

16.15 Discussion

SESSION 6. INTERACTIVE CLINICAL CASES IN CARDIORENAL DISEASE
Chair: David Mulcahy, Consultant Cardiologist (Tallaght University Hospital, Dublin, Ireland)

16.20 i) Amyloid
Carol Whelan, Consultant Cardiologist (Royal Free London NHS Foundation Trust)

16.40 ii) Anticoagulation in multimorbidity
Ameenathul Mazaya Fawzy, Specialist Registrar in Cardiology (Worcestershire Acute Hospitals NHS Trust)

17.00 Close
Faculty

Dr Lisa Anderson
Heart Failure Cardiologist, St George’s University Hospitals NHS Foundation Trust, London

Dr Nigel Beckett
Consultant Physician in Geriatric and General Internal Medicine, Guy’s & St Thomas’ NHS Foundation Trust

Dr Kate Bramham
Clinical Senior Lecturer and Honorary Consultant Nephrologist, King’s College London and King’s College NHS Foundation Trust School of Life Course Sciences, London

Professor Peter Conlon
Consultant in Nephrology and Renal Transplantation, Beaumont Hospital, Dublin, Ireland

Dr Derek Connolly
Consultant Cardiologist, Sandwell and West Birmingham Hospitals NHS Trust

Dr Ameenathul Mazaya Fawzy
Clinical Research Fellow, Specialist Registrar in Cardiology (Worcestershire Acute Hospitals NHS Trust)

Matthew Graham-Brown
Specialist Registrar in Renal Medicine, University Hospitals of Leicester, and Chair of the UK and Ireland RA Nephrology SpR Club

Professor Julian Halcox
Professor of Cardiology, Swansea University College of Medicine

Dr Rachael James
Consultant Cardiologist and Deputy Medical Director (Standards), Brighton & Sussex University Hospitals NHS Trust

Dr Paul Kalra
Consultant Cardiologist, Portsmouth Hospitals NHS Trust

Professor Philip Kalra
Professor of Renal Medicine, University of Manchester and Consultant Nephrologist, Salford Royal NHS Foundation Trust

Dr Durga Kanigicherla
Consultant Renal Physician, Manchester Royal Infirmary, Manchester

Dr David Lappin
Honorary Personal Professor of Nephrology and Hypertension, National University of Ireland, Galway, Ireland

Professor Gerry McCann
Professor of Cardiac Imaging and Honorary Consultant Cardiologist, University of Leicester and NIHR Leicester Cardiovascular BRU

Mr Ted McDermott
Consultant Urologist, Tallaght and St James Hospitals, Dublin, Ireland

Dr Geraint Morton
Consultant Cardiologist, Queen Alexandra Hospital, Portsmouth Hospitals NHS Trust

Dr David Mulcahy
Consultant Cardiologist, Tallaght University Hospital, Dublin, Ireland

Dr Handrean Soran
Consultant Physician and Endocrinologist, Manchester University NHS Foundation Trust

Professor David C Wheeler
Professor of Kidney Medicine, University College London, and Honorary Consultant Nephrologist, Royal Free NHS Foundation Trust, London

Dr Carol Whelan
Consultant Cardiologist, Royal Free London NHS Foundation Trust, London

Dr Peter Winocour
Consultant Physician and Clinical Director for Diabetes and Endocrine Service, East and North Hertfordshire NHS Trust

Dr Rosita Zakeri
NIHR Clinical Lecturer in Cardiology, Imperial College London, and BJCA representative
Our sponsorship opportunities for 2019

Trade exhibition sponsorship opportunities

We are delighted to be holding the 2019 meeting in a new venue this year - the The King’s Fund, which has superb facilities and a central London location. Become part of our trade exhibition at the meeting, which is always situated in the catering area to attract maximum interest from delegates. All our lectures take place in a separate room and the programme allows generous breaks for delegates to network in the trade exhibition area over refreshments and lunch. The exhibition area is compliant with ABPI regulations. More information on sponsorship categories and details of the packages can be found below.

Sponsorship opportunities can be through an unrestricted educational grant

Other sponsorship opportunities in 2019

- Conference live streaming to academic or pharma sites (more detail about this opportunity can be found below)
- Named lectures
- Sponsor delegates to come to the meeting with a special package
- British Journal of Cardiology inserts and e-alerts
- On-site market research
- Closed advisory boards and sponsored workshops
- Post-event reporting
- Podcasts and webinars
- Coverage can be hosted on the Cardiorenal Forum (www.cardiorenalforum.com) and British Journal of Cardiology (www.bjcardio.co.uk) websites; and use our impressive registration list to publicise the event

Live streaming sponsorship opportunities – new for 2019

We are extending the reach of the Cardiorenal Forum for 2019 to reach a wider target audience by streaming the scientific meeting live from The King’s Fund.

Streaming allows medical professionals from the UK and other countries to watch the proceedings live and, at other times, ‘on-demand’. Sponsors will invite key groups, such as core medical trainees (and their ‘journal clubs’) within Deanseries and other healthcare professionals to register as ‘virtual’ delegates. By coming to satellite centres in hospitals, large community practices, postgraduate venues, and pharmaceutical company training centres, they can participate in the meeting interactively, and receive on-line viewing certification.
Benefits of live streaming

- Logo and link on Cardiorenal Forum meeting website with hyperlink to your website
- 1 x press release announcing our partnership and featuring joint branding with the Cardiorenal Forum
- Acknowledgement of sponsorship by the conference chairperson during the opening and closing remarks
- Delegates off-site will be informed that the live stream has been made possible through your sponsorship
- Company logo and website link prominently placed on the live stream screen and Cardiorenal Forum website
- Acknowledgement in conference delegate pack of your financial support of event
- Inclusion of company logo on meeting materials and on meeting slide deck, displayed on screens before, during and after the event
- Short interviews recorded with faculty members, which can be featured on www.cardiorenalforum.com and www.bjcardio.co.uk
- Opportunity for one of your senior team to record and deliver a 3 minute interview
- A short company video played to the online audience during lunch breaks (2-3 mins)
- 2 x additional complimentary meeting passes
- Organisational branding at satellite venue
